Floyd Mechler and Jake Schuehle,
Rice Institute students, arrived home
last week-end for a vacation visit
with their parents, Mr. and Mrs. L.
A. Mechler and Sheriff and Mrs. C.
J. Schuehle. Floyd plans to return
to Houston in the near future to play
baseball.

Mrs. Nuckols, mother of Mrs. Cora
Lacy, had the misfortune to fall
Tuesday morning at the home of her
daughter here and sustained a frac-
ture of the hip bone. As Mrs. Nuck-
ols is an aged lady past her ninetieth
year fear is felt for the complete
healing of the fracture.

A FIFTY-YEAR LONGING GRATIFIED.

The guests of the Managing Edi-
tor and family departed for their
homes in Memphis, Tennessee, Mon-
day, after an all too brief a visit.
What with the rain throughout the
week, it was impossible to show them
much of the interesting points in the
city of San Antonio, we could not in-
troduce them to tarpon fishing at
Corpus Christi, or show them the
citrus orchards of the lower Rio
Grande Valley. Neither could we
show them the Angora goat flocks up
in the hill country, not to mention
other interesting sights and scenes
that might have been found.

However, since returning to Miss-
sippi fifty years ago, after a four-
year sojourn in the central black-
land belt of Texas—mostly in Ellis
County—our brother, Francis Marion
Davis (third in a line of five gener-
ations) had longed for another sight
of the Lone Star State. That long-
ing was fulfilled. Coming into Texas
at Texarkana, the northeast corner
of the state, with Mrs. Davis, his son-
in-law and daughter, Mr. and Mrs.
R. H. Doty, and his granddaughter,
little Miss Mary Frances Doty, the
party traversed the entire breadth of
Texas diagonally from Texarkana to
Eagle Pass, climaxing the turning
point of the journey by witnessing a
bull fight, the national sport of Mex-
ico, at Piedras Negras, Coahuila,
Mexico, Sunday afternoon. They
planned to return home by way of
Paris, Texas, where three of the
F. M.'s would be together, thence to
Hot Springs, Arkansas, and back to
Memphis, Tennessee, Wednesday.

It took our brother fifty years to
make the long coveted journey; it
took this editor forty-two years to
receive a visit from an immediate
member of his family, and needless
to say, the emotions and the pleas-
ures of the occasion for both are not
to be described. The time now seems
so brief—so much was left unsaid!

Time has brought many changes—
not all for the best—but among the
many beneficial ones is the wonder-
ful improvement in transportation.
For instance, the actual travel from
Memphis to Hondo was made in less
than two full days, and from the
front door in Memphis to the front
door in Hondo the automobile was
driven without the necessity at any
place of leaving a paved highway.

CHAMBER OF COMMERCE MEETS.

The attendance at the monthly
dinner of the Chamber of Commerce
Tuesday evening was not up to that
of former occasions and owing to the
earliness of the hour the arrivals
were irregular, some being almost
through eating when others arrived.
Hoping to convenience more people,
the time of gathering for the next
meeting was set for 7:45 o'clock, a
little later than formerly.

Committee reports were for the
most part lacking, but the business
hour was filled with pertinent dis-
cussions, dealing mainly with road mat-
ters.

Judge Rothe reported a courteous
hearing by the Highway Commission
on the Highway No. 173 matter, but
no definite assurance as to when
work will start could be secured. The
Judge reported a most convincing
argument made before the Commission
by the representative from the Cor-
pus Christi Chamber of Commerce,
and proponents of the road feel en-
couraged over Corpus Christi's inter-
est in the matter.

Commissioner Bader reports that
a survey of the streets of Hondo will
have to be made before work can
proceed further on the WPA paving
project. He hopes to secure this sur-
vey soon.

Over some protest, because of the
questionable nature, according to
the minds of some, of the publicity
Hondo has received from it, it was
voted to restore on the road sign at
the eastern approach to the town the
muchly publicized inscription: "This
is God's country; don't drive through
it like hell." "Believe it or not," the
move to restore the legend is due
to a recent reference to it in his car-
toon by Ripley of "Believe It or Not"
fame.

The body adjourned to meet at
7:45 on the evening of the next reg-
ular meeting night.

SEVENTH GRADE COMMENCE- MENT HELD.

The County Seventh Grade exer-
cises were given June 5th at Hondo
High School. A program was fur-
nished by members from various
schools, consisting of instrumental
solos, group singing, harmonica
band selections, and a play. The
program was interesting and present-
ed in a nice way. There were about
75 diplomas awarded, exclusive of
Devine, Natalia, LaCoste and Yan-
cey Schools. Special certificates of
award for highest and second highest
grades made were given by County
Superintendent C. F. Schweers to
Loydeine Putman of Natalia, first
place, and Paul Oefinger of Lein-
weber School, second place. All but
four diplomas were called for at the
exercises, which was appreciated and
above last year's record. The high-
est score of this term was a fraction
above last year in terms of percent-
age.

MISS HAEGELIN HONORED.

The shower and tea given by Miss
Evelyn Knopp and Miss Annette
Rothe in honor of Miss Frances
Haegelin, a June bride-elect, was an
outstanding social event of Wednes-
day afternoon, June 9th. The home
of Mrs. T. B. Knopp, where the gra-
cious affair was held, was attractive
with seasonal blossoms. Shasta
daisies were predominant in the liv-
ing room, with coral gladioli and
pink garden roses in crystal vases
gracing the mantelpiece and piano.
Floor baskets and bowls of daisies,
roses and zinnias decorated the recep-
tion hall and the upstairs suite where
the gifts were displayed. In the din-
ing room, white daisies and yellow
calendula in a large crystal bowl
graced the lace covered tea table,
which was lighted with yellow tapers
in crystal candelabra. White zinnias
and ivory gladioli, arranged with
daisies and calendula in floor baskets,
completed the decoration of the din-
ing room.

Forming the receiving line were
Mrs. T. B. Knopp, Miss Evelyn
Knopp, the honoree, Miss Haegelin,
her mother, Mrs. A. L. Haegelin,
Miss Annette Rothe, Mrs. H. J.
Meyer, and Mrs. W. O. Rothe. Little
Miss Anna Louise Wurzbach, niece
of the honoree, opened the door for
the arrivals. In charge of the guest
book was Miss Mary Louise Haegelin,
sister of the honoree. Another sis-
ter, Mrs. Julius Wurzbach, of Cliff,
Mrs. Hilmer Haegelin of San Diego,
and Mrs. Tommy Schuchart of
D'Hanis, presided over the gifts.

Alternating in serving the tea
dainties were Misses Laurinda Rothe
of D'Hanis, Elta Leinweber, Doris
Windrow and Milton Marie Merritt.
Assisting were Misses Mary Elizabeth
Meyer and Margaret Ann Knopp.
The cake was an ivory confection
embossed with yellow and white
Shasta daisies.

Mrs. O. H. Miller received the
guests in the drawing room.

A musicale was presented during
the receiving hours by Mrs. Volney
Boon, Mrs. Arnold Newsom, Mrs. R.
C. Rath, and Misses Thelma Wilson,
Mary Emma Finger and Evelyn
Barnes.

The honoree was very lovely in a
hyacinth blue chiffon gown, over taf-
feta, made with a long, full gored
skirt and ruffles of the chiffon form-
ing puffed sleeves. A corsage of
red rosebuds marked the low decol-
letage of the bodice in front.

Miss Evelyn Knopp's becoming
frock was of rose pink chiffon, made
on princess lines, with inserts of pink
lace over taffeta and adorned with
blue bowknots. She wore blue for-
get-me-nots in her blonde curls.

Miss Annette Rothe wore an at-
tractive floral print taffeta dress in
soft blended colors of yellow, blue,
green and purple.

The honoree's mother, Mrs. A. L.
Haegelin, wore an afternoon dress
of saffron yellow lace, with a cor-
sage of blue cornflowers.

Mrs. H. J. Meyer's costume was
of lace in a becoming shade of blue,
with which was worn a corsage of
pink carnations.

MISSIONARY MEETING.

The W. M. S. of the Methodist
church met in their monthly business
meeting Monday afternoon at the
church with ten members present.

The meeting opened by singing
"Guide Me O Thou Great Jehovah."
Mrs. Highsmith brought the spiritual
message in such a beneficial and in-
structive manner making each one
feel the need of more than just hear-
say religion.

In the absence of the president,
Mrs. Barnitz Carle, the vice pres-
ident, Miss Lora King, conducted the
business meeting, and all officers
made good reports.

It being time for the Auxiliary to
send a box of supplies to the Insti-
tute for Mexican Girls at Pharr,
Texas, it was decided to send a cash
donation. Miss Lenora Schmidt, our
Supt. of Supplies, being out of town,
all members are requested to send their
cash donation to Mrs. T. Mc-
Clougherty or Miss Bertha Newton
this week.

It was urged at the Missionary
Conference at Kerrville that each
Auxiliary send a Negro woman dele-
gate to the School of Instruction for
Negro Work to be held in Tyler,
Texas, in July. Hondo Auxiliary voted
to send a delegate and a commit-
tee of four: Mrs. Barnitz Carle, Mrs.
D. H. Fly, Mrs. W. S. Highsmith, and
Miss Bertha Newton were appointed
to select the delegate.

Three new members were added
to the roll, Mrs. J. W. Ulbrich, Mrs.
W. L. Windrow, and Mrs. Grant.

All committees for the month were
then named and the meeting closed
by all members repeating the mis-
sionary benediction.

TRADES DAY.

Clear weather and favorable farm-
ing conditions must have reduced the
attendance at the June Trades Day
event Wednesday, as the main trade
premium went unclaimed. It will be
doubled in amount in July as a con-
sequence. Second, third, fourth and
fifth awards went to the following
in the order named: Wesley Heyen,
Mrs. Albert Saathoff, Mrs. L. A.
Wiemers and Mrs. Emmett Nester.

The next Trades Day will be at
Wednesday, July 14th. Ask for
Trades Day tickets when buying from
Hondo merchants, and be on hand
next time for distribution of the pre-
miums.

SCHWEER BALZEN DESCEND- ANTS TO CELEBRATE.

Eighty-three years ago the won-
derful stories of Medina County
were carried across the Atlantic to
the peaceful home of Schweer Bal-
zen who lived in Ostfriesland, Ger-
many, by those who had come at an
earlier date and settled at Castro-
ville, D'Hanis and Quihi. After due
consideration he too, with many oth-
ers, decided to cast his lot with those
who had come before and begin life
anew in the land of promise and un-
told opportunities and unlimited re-
sources.

In 1854 Mr. Balzen with his fam-
ily established his permanent abode
on a tract of land on the Quihi
Creek about a mile above the origi-
nal Quihi Settlement. Here work was
begun in earnest and anew in con-
verting the virgin prairies into fer-
tile productive fields. The hands of
Providence guided the family. After
several years the three sons and only
daughter established their own
homes and accumulated the comforts
necessary for a progressive home.

Four years ago the descendants of
these families held their first reunion
at the Wernette Gardens at Castro-
ville where over six hundred answer-
ed to the roll call. Then it was de-
cided to make the celebration an an-
nual affair.

This year the reunion will be held
in the Wernette Garden, Castroville,
Texas, on Sunday, June 20th.

DUNLAY H. D. CLUB MEETS.

The Dunlay H. D. Club met at the
home of Mrs. Joe Steile on Wed-
nesday, June 2nd, with Miss Elyne
Steile and Mrs. Julius Mechler as
hostesses. Fourteen members and
one guest were present.

After the regular business meet-
ing, Miss Foley gave a discussion on
personal grooming. Things taken in-
to consideration were care of the
body in general which included care
of teeth, hair, skin and nails. The
ladies were then given recipes to pre-
pare their own cold creams, hand lo-
tions, non-perspirants and eye wash.

After the discussion on grooming
some work was completed on some of
the foundation patterns which had
not been finished. Several waists
were checked and a discussion was
given on how to cut a slip pattern
from the foundation patterns.

The next meeting will be held on
June 16th at the home of Mrs. F. J.
Zerr. The subject will be on "County
Government".

QUIHI BOOSTERS WIN DOUBLE- HEADER SUNDAY.

The very much improved Boosters
in the first game defeated the Hondo
Owls 5 to 3. F. Hartmann pitching
for the Quihi Boosters was in fine
form, allowing the Owls only 1 hit,
a triple by Langford, and struck out
9 men.

G. Hartmann started on the mound
for the Owls, but was relieved by
Hartung in the 5th. Hartmann gave
up 5 hits, Bohlen and Dailey getting
two each. Hartung, however, was in
fine form, facing 6 men and striking
out 5 batters, allowing no hits in two
innings.

In the second game the Boosters
defeated Devine 3 to 0. Reitzer, the
old reliable, allowed Devine only 2
hits, both by A. Bader. Reitzer
struck out 14 batters.

Red Haass also was in fine form,
allowing the Boosters only 3 hits.
Moehring got a single and a triple.
Dailey also tripled for the 3rd hit.

THE STEWART-WARNER REFRIGERATOR

The "heart" of any refrigerator is
the mechanism that operates it. Hid-
den away in the lower compartment
of a Stewart-Warner is a big, rugged,
enduring power unit that has proved
its ability to deliver efficient,
trouble-free performance in all sea-
sons and under all conditions.

It is so simple in design, and ma-
chined to such precise limits, that it
runs with amazing quietness. And be-
cause of its over-size, heavy-duty
construction, and its SLO-CYCLE
principle, it RUNS LESS FRE-
QUENTLY and COSTS LESS TO
OPERATE.

And this is only a starter! Too
many new and improved features to
describe here. Call at my garage and
let me show it to you in operation
and explain its merits.

QUIHI NOTES.

And the servant told Isaac all
things that he had done, Gen. 24: 66.

Safely at home. And now is the
time to tell all about that critical
and adventurous trip. What a chance
for Eliezar to pat himself on the
back, to blow his horn, to steal the
show and make himself the hero of
the day. How gladly some love to in-
dulge in that chance. And occasions
are numerous. "With rumbling noise,"
we read at some fishing resort, "the
fishermen clatter out in the wee sma'
hours of the morn, sure of a phenom-
enal catch—and in the dusk of the
day they return with big words in
the air, a suspicious tang in their
breath, and the truth is not in their
mouth." "But, uncle," said the little
nephew, "if you did that all alone
in the war, what were those other
soldiers for?" And again, in a west-
ern city two coachmen were arrested
for disturbing the peace. They had
been beating each other unmerciful-
ly, each one claiming that he had
fought in the greatest number of
battles of the Civil War. At the po-
lice court the fact was established
that neither one had ever been in
the military service anywhere. In
this age of "newsiness" and headline
manipulations and slant and angle
phrases, how often is the public mind
fed on reporters' inventions and
write-ups and striking box-car print
on the front page display that often
proves to be a knife without handle
and blades. Nothing but nothing,
self-glorification or cheap flattery or
written for sway and pay. "The
truth, and nothing but the truth,"
even under oath it's often hard to
ascertain it. The sin of perjury has
lost its horror for many. Natural
man who fears not God, who has lost
the sense of truth and responsibility,
offers little resistance to the tempta-
tion of exaggeration and boasting
and swaggering. "All his geese are
swans" and all his bats are eagles,
spreading and screaming with "much
ado about nothing," or perverting
the truth in his favor for his own
glory. What did Eliezer tell Isaac?
"Temptation hath a music for all
ears." Did he stretch and stress him-
self or give honor and glory to Whom
it was due? We can guess.

Mrs. Luebbe Boeile was at the
hospital with a minor operation. And
we are glad to know that she is im-
proving nicely and is very grateful
for the service and attention she has
experienced.

The anniversary of the Ladies' Aid
has come off in fine shape, and many
attended the service, though the Lord
had His irrigation system in full op-
eration just before the day. We in-
voke the blessing of God upon their
work for the future.

The class of future confirmands is
in full swing, and over a dozen of
these young people who devote their
full attention to the one thing that
is "needful," absolutely needful, not
merely desirable, in life, the salva-
tion in Christ and the things He has
commanded us. Make mention of
their efforts in your prayer.

Lester Saathoff has made his tem-
porary home in San Antonio, where
he takes a course at the Draughon's
Business College. May he be success-
ful all around and able to withstand
the occasional attacks of homesick-
ness, that sinister malady for which
neither medicine nor an operation
can bring relief. But Quihi is within
reach, if the billows roll too high.

And two more have shaken the
dust of Medina county off their
shoes. Roy J. Brucks and Roland
Mumme. Their goal is Arizona. May
they be able to realize their ambi-
tions there, above or under ground
in the mining district.

ST. PAUL'S LUTHERAN CHURCH.

It was an ambition of his to be-
come a sailor. One day George Wash-
ington had his trunk put aboard the
ship and was preparing to bid his
mother farewell and embark for the
life of a seaman. When he reached
his mother he found her in tears. He
soon learned that his mother disap-
proved of his new venture. George
then gave orders to have his trunk
returned from the ship, "for," he
said, "I will not break my mother's
heart." Upon this the godly woman
replied: "George, God has promised
to bless them that obey their par-
ents. I am sure He will also bless
you."

Is there any question about the
success of the life of George Wash-
ington, father of our country and
first president? "Honor thy father
and thy mother, that it may be well
with thee and thou mayest live long
upon the earth."

DIRECTOR VISITS HONDO.

The first unit of the recently or-
ganized Cysana to receive a visit from
the union's spiritual director, Rev.
Herbert G. Kramer, S. M., instructor
in art appreciation at St. Mary's Uni-
versity, was the Children of Mary So-
cidity at Hondo.

Last Sunday, after the High Mass,
at which Father Kramer preached on
the Pope's desire for Catholics and
especially Catholic Action, he met
a group of 40 young men and ladies
of the parish, to speak to them on so-
cidity work.

At the suggestion of the pastor,
Rev. P. J. Potgens, Father Kramer
discussed the possibility of organiz-
ing a sodality for young men, here,
or one including both young men and
young women in a new division.

Meeting separately with the Chil-
dren of Mary, Father Kramer urged
them to develop a strong attachment
to the Holy Eucharist by frequent
reception of Communion and visits to
the church, and gave suggestions for
committee and study projects. He
gave the officers, Frances Sauter,
Mary Kate Huesser and Patricia Ney,
material to assist them in conduct-
ing the sodality and cooperating with
the Prima Primaria, with which the
sodality is affiliated, and commented
especially on the pamphlet rack and
bulletin board which Miss Huesser
has installed in the rear of the church
since the Archdiocesan May Day
meet.—Southern Messenger.

The completed record on 7 pigs
fed out by Erwin Ripps of Bexar
county shows a net profit of \$61 be-
fore the pigs were five months old.

The pigs were creep fed from the
time they were a week old. They
were fed out on a self feeder and
were grazed on oats for several
hours a day. The \$61 profit includes
\$10 prize money received at the
Southwest Texas Boys' Fat Stock
Show. Actual profit at market price
was \$51. The pigs were purebred
Durocs and averaged 175 pounds in
weight at two days less than five
months of age.

HOUSE JOINT RESOLUTION.

H. J. R. No. 23.

Proposing an Amendment to the
Constitution of the State of Texas
to be known as Section 20 of Article
VIII, providing that no property of
any kind shall be assessed for ad-
valorem taxes at a greater value than
its fair cash market value; and giving
the Legislature power to provide that
the State and all governmental or
political subdivisions or taxing dis-
tricts may allow a discount for
payment of ad valorem taxes before
the date when they would otherwise
become delinquent; and providing
that this Amendment shall become
effective January 1, 1939; providing
for an election on the question of
adoption or rejection of this Amend-
ment; providing for the proclamation
and publication thereof; and making
an appropriation therefor; and pre-
scribing the form of ballot.

BE IT RESOLVED BY THE LEGIS-
LATURE OF THE STATE OF
TEXAS:

Section 1. That the Constitution of
the State of Texas be amended by
adding a new Section to Article VIII
to be known as Section 20 and to
read as follows:

"Section 20. No property of any
kind in this State shall ever be as-
sessed for ad valorem taxes at a
greater value than its fair cash market
value nor shall any Board of
Equalization of any governmental or
political subdivision or taxing district
within this State fix the value of any
property for tax purposes at more
than its fair cash market value; pro-
vided that in order to encourage the
prompt payment of taxes, the Legis-
lature shall have the power to pro-
vide that the taxpayer shall be allowed
by the State and all governmental
and political subdivisions and taxing
districts of the State a three per cent
(3%) discount on ad valorem taxes
due the State or due any govern-
mental or political subdivision or tax-
ing district of the State if such taxes
are paid ninety (90) days before the
date when they would otherwise be-
come delinquent; and the taxpayer
shall be allowed a two per cent (2%)
discount on said taxes if paid sixty
(60) days before said taxes would

become delinquent; and the taxpayer
shall be allowed a one per cent (1%)
discount if said taxes are paid thirty
(30) days before they would other-
wise become delinquent. This amend-
ment shall be effective January 1,
1939. The Legislature shall pass
necessary laws for the proper ad-
ministration of this Section."

Sec. 2. The foregoing Constitutional
Amendment shall be submitted to
a vote of the qualified electors of
this State at a special election to be
held throughout the State of Texas
on the 23rd day of August, 1937, at
which election all voters favoring the
proposed Amendment shall write or
have a printed on their ballots the
following words:

"FOR the Amendment to the State
Constitution providing that property
shall never be assessed for taxes at
more than its fair cash market value,
and providing that in order to en-
courage the prompt payment of ad
valorem taxes, the Legislature shall
have the power to permit a discount
for the payment of same before they
become delinquent."

Those voters opposing said pro-
posed Amendment shall write or have
printed on their ballots the words:
"AGAINST the Amendment to the
State Constitution providing that
property shall never be assessed for
taxes at more than its fair cash market
value, and providing, that in
order to encourage the prompt pay-
ment of ad valorem taxes, the Legis-
lature shall have the power to permit
a discount for the payment of same
before they become delinquent."

If it appears from the returns of
said election that a majority of the
votes cast are in favor of said
Amendment, the same shall become
a part of the State Constitution.

Sec. 3. The Governor of the State
of Texas shall issue the necessary
proclamation for said election and
shall have the same published as re-
quired by the Constitution for
Amendments thereto.

Sec. 4. The sum of Eight Thousand
Dollars (\$8,000), or so much thereof
as may be necessary, is hereby ap-

propriated out of any funds in the
Treasury of the State, not otherwise
appropriated, to pay the expenses of
such publication and election.

The above is a true and correct
copy.

Windsor and Wallis Are Married, Anglican Church Outwitted—Tax Dodging by the Rich to Be Investigated—House Rebels Yield.

By EDWARD W. PICKARD
© Western Newspaper Union.

EDWARD, duke of Windsor, and Mrs. Wallis Warfield, the American woman for love of whom he gave up his throne, were married in the Chateau de Candé, Monts, France, and are now spending their honeymoon at Wasserleonsburg castle in lower Austria. Almost at the last moment the Church of England was outwitted by the action of an obscure provincial clergyman from the north of England, and the civil ceremony performed by the mayor of Monts was followed by a religious wedding conducted by that same minister, Rev. Robert Anderson Jardine, in flat defiance of the protests of the leaders of the church.

Sixteen principal guests were present in the chateau when Mayor Mercier, pronouncing the English names with difficulty, and speaking in French, performed the civil ceremony and pronounced the duke and Wallis man and wife. Vicar Jardine, who had volunteered his services, recited the solemn religious rites as prescribed by the church, the duke placed the ring on the duchess' fourth finger, and they knelt on white silk cushions while the minister prayed. Throughout the entire service the famous organist, Marcel Dupre, played softly. The duchess, who cannot be called "her royal highness," wore a gown of Wallis blue and the correspondents privileged to be present were agreed that she was a beautiful, gracious and serene woman. The Chateau de Candé, owned by Mr. and Mrs. Charles Bedaux of New York, was lavishly decorated with flowers. Wedding presents were numerous, of course, and some of the richest were sent by members of the British royal family.

Vicar Jardine was reproved by the church dignitaries for performing the religious ceremony, but the Bishop of Fulham, who has jurisdiction over Anglican church affairs in France, after sending a telegram of protest, admitted the vicar might not be disciplined. He insisted the only valid service Mr. Jardine could perform was benediction after the marriage. All Anglican church ministers on the continent had been warned not to marry the duke and Wallis.

ADMINISTRATION leaders, from the President down, "turned the heat" on the rebellious members of the house, and the latter sullenly gave in and passed the billion and a half dollar work relief bill about as Mr. Roosevelt and Harry Hopkins wanted it. One after another the restrictive amendments earmarking \$505,000,000 of the total for projects of a solid type, flood control and highways, which had been adopted in committee of the whole, were called up again and voted down by substantial majorities. The final vote by which the measure was sent on to the senate was 323 to 44.

The revolt collapsed after Majority Leader Sam Rayburn, Democrat, Texas, outlined Mr. Roosevelt's position. He said the President had agreed to provide adequate funds from the relief bill for PWA projects, highways, grade crossing elimination, flood control and water conservation work.

Taunted by Minority Leader Bertrand Snell, Republican, New York, for the general character of his statement, Rayburn admitted he did not know the exact amount of money that the President would divert to the various projects, which have been described as "vote-getting" and "pork."

One of the "rebel" leaders, Joseph Starnes of Alabama, though voting for the bill, announced that congress would never again "relinquish its control of expenditures."

Still sore, especially at Harry Hopkins, the congressmen discussed the need for investigation of the relief administration, and a resolution calling for such action was introduced by Maury Maverick of Texas.

SECRETARY OF THE INTERIOR HAROLD L. ICKES was taken to the Naval hospital in Washington to be treated for an intestinal disorder. Physicians said he probably would be absent from his office for several weeks, a protracted rest being imperative.

BY HUGE majorities in both senate and house congress overrode the President's veto of a bill to extend the war risk insurance act for another five years. It gives that additional time in which war veterans may exchange their government held term insurance policies for other forms of life insurance and affects about 22,000 men who have not converted their policies. Representative Rankin of Mississippi projects are settled.

said these veterans were "too poor" to make the conversion at this time, and added: "The President apparently didn't consult with those familiar with veterans' affairs when he vetoed this bill."

PRESIDENT ROOSEVELT sent a message to congress asking for legislation creating seven regional power authorities patterned after the TVA. He proposed the country be divided into these regions:

The Atlantic seaboard.
The Great Lakes-Ohio valley.
The Tennessee and Cumberland river basins.

The Missouri and the Red River of the North basins.

The Arkansas, Red and Rio Grande river basins.

The basins of the Colorado and other rivers flowing into the Pacific south of the California-Oregon state line.

The Columbia river basin.

TAX dodging by wealthy men and women, excoriated by President Roosevelt in a special message, is going to be investigated speedily by a joint committee of congress.

The resolution for the inquiry was introduced in the senate by Senator Pat Harrison of Mississippi, chairman of the finance committee; and in the house by Robert L. Doughton of North Carolina, chairman of the ways and means committee. The investigation is designed both to focus public attention on the extent of the alleged tax evasion and to provide congress with information necessary for the drafting of corrective legislation. Senator Harrison said: "I am sure that congress expects that, where the law has been violated, prompt action will be taken by the government against the malefactors."

He added that men and women referred to, not by name, in the President's message, would be given the opportunity to testify before the committee if their names were disclosed.

Accompanying Mr. Roosevelt's message was a long letter to him from Secretary of the Treasury Morgenthau in which were outlined eight devices which he said are being employed by a minority of rich individuals to evade taxes.

Legislation asked by the President would be an emergency measure. It is not to be confused with legislation to revise tax schedules, the President said.

"In regard to that subject," Mr. Roosevelt continued, "I have already suggested to the congress that at this session there should be no new taxes and no changes of rates."

GENERAL HAYASHI's semimilitary government of Japan was forced to resign by the major political parties, and Emperor Hirohito summoned Prince Fumimaro Konoe, president of the house of peers, to form a new cabinet.

This the prince proceeded to do, and he was meeting with almost complete success in finding men who would accept office. Temporarily he had trouble in getting a finance minister. The new government includes representatives of the big Seiyukai and Minseitō parties and is considered, therefore, a national coalition cabinet. Presumably it is committed to a large army and navy, a strong foreign policy and drastic administrative reforms.

Prince Konoe said he would strive to end the rivalries among the various forces in the empire, meaning especially the disputes between the army and the political parties. The army will support him, but its domination over Japanese policies is practically ended with the retirement of Hayashi who was accused of trying to set up a Fascist regime.

BEFORE adjourning to October the Supreme court overruled a government request that it refuse to review litigation challenging the constitutionality of federal financing of municipal power plants. By consenting to pass on the controversy, the court deferred a final verdict in the case until next fall, after arguments are heard.

The Department of Justice contended this would postpone the employment of many thousands of men. Officials of the Public Works administration declared the court's action means that, at least another six months will elapse before questions affecting the release of \$51,000,000 for fifty-four public power projects are settled.

URGED on by C. I. O. organizers and other agitators, a mob of some 1,500 steel strikers and their sympathizers undertook to invade the Republic Steel plant in South Chicago and drive out the loyal employees. The rioters were met on company property by 150 city policemen and warned to turn back, but they replied with a shower of missiles. The police first used tear gas, but when the strikers began shooting they opened fire in earnest and a desperate battle ensued. Seven men were killed and nearly a hundred, including 26 officers, were hurt.

Authorities blamed Communist agitators for the riot.

Loyal workers in Republic Steel plants at Warren and Youngstown, Ohio, were besieged by strikers and were supplied with food with difficulty. At first food was mailed to them, but the government refused to guard mail trucks in Warren which the pickets stopped, and the acting postmaster there said United States District Attorney Freed at Cleveland had authorized him to refuse packages of food intended for delivery through the picket lines.

The Republic Steel was continuing to operate, but the Inland Steel and the Youngstown Sheet and Tube corporations, the two other companies against which the S. W. O. C. had declared strikes, had closed down their plants.

THE A. F. of L. executive council closed its conference in Cincinnati with the heads of affiliated unions, after directing President Green to push vigorously the campaign against Lewis and his C. I. O. First steps were to order the Chicago and New York labor federations to expel all unions affiliated with the Lewis organization. Similar orders were to be sent to all other central bodies and state federations. The council also ordered the collection of a war chest, all members to pay two cents a month instead of one cent for the national federation.

The C. I. O. replied with announcement of a drive intended to penetrate every industry which has no organization or where existing unions "are not taking care of their members." An impending contest between the two factions is for control of the maritime workers.

MOST of the ingredients of a good European war were tossed into the pot by loyalist Spain and Germany, but it seemed likely the statesmen of England, France and other countries would be able to prevent the lighting of a fire beneath the pot.

To start with, two Spanish airplanes dropped bombs on the German battleship Deutschland, killing 23 men and wounding 83. The German vessel, participating in the international naval patrol, was lying off Ibiza island, one of the Balearics under rebel control. It replied to the attack with anti-airplane guns, and the claim of the Valencia government was that the vessel was the first to fire.

Nazi Germany was tremendously aroused by the incident and Reichsfuehrer Hitler and all other prominent government leaders gathered at once in Berlin. Immediate revenge was demanded by all Nazis, so the pocket battleship Admiral Scheer and four destroyers shelled Almeria, southern Spanish loyalist port, without warning, killing twenty or more citizens and destroying many houses. Coastal batteries replied, probably without effect, and after 90 minutes of firing the German vessels departed.

Germany announced it would no longer participate in the international patrol of Spanish coasts until it could be assured such incidents as the bombing of the Deutschland would not be repeated; and Italy announced it also had withdrawn from the international committee and firmly supported Hitler.

The Valencia government asserted the Deutschland had no business being at Ibiza. It also charged that an Italian submarine launched a torpedo that sank the 3,946-ton Spanish passenger liner Ciudad de Barcelona 37 miles northeast of Barcelona. It was declared 50 members of the crew were drowned and a number of others injured.

Italian warships were ordered to stop and search any Russian vessels suspected of carrying war supplies to Spanish loyalists, and the German fleet in Spanish waters was re-inforced. German War Minister Von Blomberg went to Rome to confer with Premier Mussolini and it was believed they were laying plans for concerted action in support of General Franco's siege of Bilbao.

Great Britain submitted to France, Germany and Italy a three-point plan designed to restore friendly relations in dealing with the Spanish situation and to induce Germany and Italy to return to the nonintervention committee. The plan provides guarantees against further interference with nonintervention patrol ships.

Gen. Emilio Mola, director of the Bilbao campaign and the most capable of the rebel commanders, was killed in the crash of an airplane in which he was flying to Valladolid. Franco thereupon split the command of his northern forces between General Davila, who will operate against Bilbao, and General Saliquet, who will command on the Madrid front.

SAN ANTONIO LIVESTOCK.

Monday, June 7, 1937.

(Federal-State Market News Service)

SAN ANTONIO, Texas, June 7.—Trading was active on comparatively light supplies in the cattle division Monday on the San Antonio livestock market. Good to choice quality offerings were in very light supply. Price levels held about steady with last week's close on most offerings with spots slightly higher on cows and medium grade calves. A better feeling prevailed in the market and a good clearance was made early. Estimated receipts for the day's trade consisted of 500 cattle and 800 calves.

Medium to good grade grass calves cashed mostly at \$6.00 to \$7.50, few lots to \$8.00 and above. Plain calves sold down to \$5.00, culls to \$3.75. Trucked-in grass steers scaling 857 pounds sold at \$7.10. No good fed steers in quantity were on offer, odd head sold above \$8.00. Few plain grass yearlings cleared at \$5.25 to \$6.50 with thin kinds down to \$4.50, one lot medium offerings to \$7.50. Common and medium grade cows cashed mostly at \$4.00 to \$5.25 with good fat cows scarce, few to \$6.00, odd head above. Low cutter and cutter cows bulked mostly at \$3.00 to \$4.00 with some "shells" down to \$2.50. Bulls were in light supply and sold mostly from \$5.25 and down. Stocker offerings were scarce and sold mostly at \$5.00 to \$6.00, with plain offerings below.

Hogs, 500 head. The hog market continued active and strong with last week's closing prices. A top of \$11.00 was paid by all interests with the bulk of the good to choice 180 to 275 pound butchers selling at \$11.00. Best 140 to 160 pound offerings sold mostly at \$9.50 to \$10.50; 160 to 180 pounds, \$10.50 to \$11.00; 275 to 325 pounds, \$10.75 to \$11.00. Good packing sows sold mostly at \$9.50 to \$9.75, few rough sows sold down to \$9.00. Medium to good butcher pigs sold mostly at \$7.00 to \$8.50, few culls down to \$6.00.

The sheep market continued slow and weak on light supplies. A few short wethers cashed at \$3.50 to \$4.00.

Above is section cut from a new Firestone Tire. Note the thick non-skid protection against skidding, blowouts and punctures. Come in and see by actual demonstration.

THOUSANDS said that tires could not stand the terrific grind. They said cars had been built with much greater speed, turns in the track had been repaved with granite-like surface, yet Wilbur Shaw drove to victory on Firestone Gum-Dipped Tires setting a new record of 113.58 miles per hour on one of the hottest days in the history of the Indianapolis track.

Think of the terrific impact on these tires as the cars roared into the treacherous turns and out again. Tons of force straining, pulling, and twisting inside the tire, yet not one cord loosened, not one tread separated from the cord body—all because Gum-Dipping, the Firestone patented process, successfully counteracted the internal friction and heat that ordinarily destroy tire life.

You will never drive your car at these record-breaking speeds, but for the safety of yourself and family you need the safest, strongest and most dependable tires. Come in today. Join the Firestone SAVE A LIFE Campaign by equipping your car with a set of new Firestone Gum-Dipped Tires—the safest tires that money can buy.

DON'T RISK YOUR LIFE ON THIN WORN TIRES

DO YOU KNOW

THAT last year highway accidents cost the lives of more than 38,000 men, women and children?

THAT a million more were injured?

THAT more than 40,000 of these deaths and injuries were caused directly by punctures, blowouts and skidding due to unsafe tires?

CHURCHES DESERVE YOUR ATTENDANCE.

When the America of our forefathers was founded, it was with prayer for guidance; when national crises developed as the little nation grew, again it was to prayer that the people as well as the nation's leaders turned.

In the swiftly moving America of today, we are called upon constantly to make decisions that are so far reaching that we don't even have an idea of their effect. The church still stands as a place of worship and prayer, but too many of us are indifferent.

In an attempt to overcome this lack of interest the church has widened its scope; there are church socials that meet our ultra modern idea of a good time and still maintain moral standards that are above reproach. There are excellent sermons on current topics and those that stick to the Bible for their text. The church is bidding unceasingly for your attention, asking you to make it the meeting place, the social center that it was to the pioneers who did not have movies, cars and so many other forms of amusements that there are today to distract us. Most of the things which keep us from church are the product of the new era of advertising. Reluctant to spend its funds on exploitation, the church has fallen behind until lean years of the depression with increasing woe returned many to its portals.

This paper is running a full page advertisement for four weeks in an effort to stimulate a greater interest in the church and to increase church attendance. Ministers welcomed the series as a program needed "more than ever before." The appeal is especially to the younger generation, now in so impressive and crucial period of their lives.

The sermonettes appearing each week are by pastors of the local churches. They will tell the value of the church influence in this community and why they deserve your active interest and support.—Selected.

"QUALITY STREET TO SHOW HERE."

A splendid cast composed of Katharine Hepburn, Franchot Tone, Eric Blore and Fay Bainter, gives whimsical and wistful entertainment in the film version of Sir James Barrie's play, "Quality Street", which shows at the Colonial Theatre Wednesday and Thursday. Miss Hepburn as Phoebe Throssel, the Quality Street spinster, in love with the dashing Dr. Brown—an early 19th-century dandy brought to amusing vivid life by Franchot Tone, proves that there is more than one way to catch the man you love.

ACTION STAR AT COLONIAL.

When the handsome and heroic Johnny Mack Brown is hell-bent for cinema revenge, it's a summons for all lovers of he-man action drama to appear at the box office. Patrons of the Colonial Theatre will not be disappointed with the current fare there, for "Lawless Land" is replete with everything it takes to make a first class, trigger-snapping, hair-raising western melodrama. Western bad men are on the run when Johnny Mack Brown goes into action, Friday, Saturday and Sunday nights.

MRS. LOUIS METZGER DEAD.

Miss Louise Metzger is in receipt of information that her sister-in-law, Mrs. Louis Metzger, died on May 20, 1937, at Fayetteville, Arkansas. She formerly resided in Hondo with her husband. They moved to Tucumcari, New Mexico, some twenty years or more ago, where Mr. Metzger died a few years ago. So far as we are informed there were no children.

Mrs. Metzger's body was sent to New Mexico for burial.

Church's Influence Essential for Community Welfare

You Have Something for the Church

The Church Has Something for You

This is one of a series of inspirational messages that will appear in the Anvil Herald from week to week, bringing to you the views of Hondo clergymen.

This contribution to the religious welfare of this community is made possible through the generous co-operation of the business firms whose names are listed on this page.

What Is There In a Name?

JAMES W. ASKEW,
Pastor of Hondo Baptist Church.

"A good name is rather to be chosen than great riches." Prov. 22:1.

THERE IS much in a good name to be desired. One bearing a good name gains due recognition by those who desire to have a good name. The weight of one's voice, the prestige of one's life who bears a good name is to be desired among the sympathizers of good. An authority is mobilized around and invested in him who bears a good name. A good name is pleasing to God. The steward who rightfully used the talents bestowed to him gained for himself a good name with his Lord, but the steward who wrongfully used or misused the talent bestowed to him not only lost the worth of his name but lost his talent also.

A name is used as a mark of identification. Near after birth a person is given a name. The name when given carries somewhat the favor or disfavor of the parents' name. However, one has the opportunity of either continuing the prestige of his parents' name or he may greatly change this prestige for good or bad. The change may be accomplished largely through and by his deeds. His deeds are only an outward expression of his inner life. A name is many a time a trade-mark. A name may serve as an emblem or reminder of success or accomplishment in life for those who have proved the name of their choosing.

The infinite God in all His eternal wisdom recognized that men would get the terms "good name" and "great riches" confused. We too often about us see men who have inverted God's Word, and it reads in their life "Great riches are rather to be chosen than a good name". How unfortunate for one to mistrust God's Word

in his own life's usage and invert the great truth of this text in its application. A most miserable person is he! Beloved, false practices reveal themselves in false claims which are finally evolved into false names. God has placed as the foundation of a good name the qualities: SERVICE, LOVE, HONOR, WILLINGNESS, CHEERFULNESS. The foundation for great riches has many a time

been established upon the "root of all sorts of evil" which is the "love of money". One needs, therefore, to choose "a good name". "Not every one who calls upon my name, Lord—Lord shall enter the kingdom—many will say Lord, did I not prophecy by thy name and cast out demons by thy name." To this person thereby who making a false claim of his name choice, then the Lord will say, "Depart from me I never knew you." False claimers are not willing to stand the test, "for they are weighed in the balances and found wanting". God in His infinite wisdom knowing how easy for men to confuse the terms "good names", "great riches", gave man the privilege of choosing for himself the name of names—the King of Kings—the Lord of Lords, Who is the Saviour Christ Jesus. And he that chooses the name Christ and calls upon Jesus to forgive sins and save his soul, has chosen the name above all names. "There is no other name whereby men must be saved." If we choose the greatest name we become possessor of the Jewel of Heaven. "He is mine." I have claimed Him, "He is mine," my Saviour, my Christ, my Lord! "He is mine"—I am possessor of "Riches of Riches."

I have chosen Jesus Christ because: First, God gave Him to become my choice;

Second, God gave me the power of choice;

Third, God gave Him power to save me from my sins;

Fourth, He is God's most precious gift to earth, bearing the most precious name in earth and heaven;

Fifth, He has thereby and therefore become precious to me, because I have chosen Him as my Saviour and Lord.

In conclusion may I say, the bearer of a good name will be a right user of riches, the right user of riches will be a right chooser of a name. Place the good name as your first and greatest choice, then let your life become great by rendering a great service to God in the name of the Lord.

THE WAY OF SALVATION.

By Rev. J. T. Horger.

ARTICLE NO. 34.

We take up near where we left off the last article, I John 3:3: "And every man that hath this HOPE in him, purifieth himself, even as HE is pure." What hope? The hope that when Christ shall return, we SHALL BE LIKE HIM. Yes, few things as an incentive to purity exceed that of a lively hope of Christ's return, and our purpose and hope of being like Him when He gets here. 3:8, "He that COMMITTETH SIN is of the devil; for the devil sinneth from the beginning." The above committal sin refers not to the accidental sin, or unintentional wrongdoing of the Christian, provided that as soon as they realize the wrong they repent and ask forgiveness and a measure of grace that they may not repeat it again; but the reference is to the habitual practice of sin, regardless of whether it be right or wrong; they take the chances and continue in iniquity, making no effort to repent and as Sam Jones used to say, not trying to "quit their meanness", and turn to God. In such case, John truly says they are of the devil. 3:8, "For this purpose the son of God was manifested, that he might destroy the works of the devil." Not only that He might prepare for the forgiveness of sins and a life of righteousness, but to prepare for the crucifixion of "our old man" "that the body of sin might be destroyed, that henceforth we should not serve sin". And let us never lose sight of the fact that there is but ONE way that we may obtain forgiveness, and that is because "Jesus Christ bore our sins in his own body, on the tree, that we being dead to sins, should live unto righteousness." And also, there is only ONE way by which we may have the "carnal mind", that "sin in me", destroyed, and that is by the baptism with the Holy Ghost and fire. Amen! Glory to God for the fire that burns the "old man" out of the dominion of the soul.

I John 3:9, "Whosoever is born of God doth not commit sin; for his seed remaineth in him; and he cannot sin, because he is born of God." The above verse, to harmonize with the general teaching of God's Word, appears to mean that the regenerate nature imparted to us by the new birth, is of God and cannot sin, for God does not sin. I John 4:7, "Beloved, let us love one another: for love is of God, and every one that loveth, is born of God, and knoweth God." Now, this seems to need explanation, for we have known young people so badly smitten with love one for the other, until it almost killed them; but there was no evidence that they were born of God, or knew anything about divine life. So here it is. We are told that in the Greek language, in which the New Testament was written, there were two words for LOVE: Filia meant HUMAN love, which merely typified divine love; but Agappa meant divine or God's love. So in reading in the New Testament, especially in John's writings, he almost invariably used Agappa, which means divine love, which, if we remember, will aid us much in the understanding of God's Word. I John 4:16, "And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him." Bear in mind it is divine love in consideration. 4:17, "Herein is our love made perfect." How? By dwelling in God, and God dwelling in us. See latter part of verse, 4:16.

Now to dwell in God is to live and walk so as to pay our obligations to God, to our fellow beings, and to ourselves; and for God to dwell in us is that we be truly regenerated and born of the Spirit, which plants the mind and spirit of Jesus Christ in the heart as the primary step, and then to seek and obtain the baptism with the Holy Ghost which enforces the Holy Ghost in the heart, thus consummating the indwelling of God in the soul. Bear in mind there is absolutely no other way to have God dwell in us or to enable us to dwell in Him. And that is the only way to be made perfect; that is what the old time Methodist called CHRISTIAN PERFECTION; but, sad to say, they seldom ever speak or preach of it any more. No wonder John said in I John 4:17: "Herein is our love made perfect, that we may have hold in the day of judgment; because as he is, so are we in this." Yes, there is a very important sense in which we are to be like Christ, even while we are yet in this state of probation. I John 4:18, "There is no fear in love; but PERFECT love casteth out fear; because fear hath torment." This fear refers to the misgivings and dread of not being prepared for God's judgment, and it is natural, so long as the fallen Adam sin remains in the heart for man, like Adam, to skulk away and hide because of fear. And as PERFECT love is impossible until the heart is sanctified and indwelt by the Holy Ghost, it is then and then only we can be made PERFECT in love, and tormenting fear cast out.

I John 5:6: "This is he that came by WATER and BLOOD, even Jesus Christ; not by water only, but by WATER and BLOOD. And it is the Spirit that beareth witness, because the Spirit is truth." I get the impression that Jesus came by the WATER of John's baptism. For WATER baptism symbolizes regeneration. So immediately there was a voice from heaven, saying, this is my beloved son in whom I am well pleased". Then He came by blood, when He poured out His own blood on the cross, which, in this case, stood for the deeper work of grace—sanctification. Then John brings in the THIRD principle: "And it is the SPIRIT that beareth witness because the Spirit is truth." Note that Jesus came by WATER which stands for regeneration, and then by blood which stands for sanctification, and the Spirit bears witness to both. 5:7,

"For there are THREE that bear record in heaven, the Father, the Word (Christ) and the Holy Ghost; and these three are one." They constitute the Godhead. 5:8, "And there are THREE that bear witness in earth, the SPIRIT, the WATER, and the BLOOD; and these three are three in one." Now John comes right down from Christ who came by WATER, and by BLOOD, witnessed by the SPIRIT, to the application of the same principles in the salvation of those who are WHOLLY saved; who come by WATER—regenerating grace; and thence through the BLOOD, which in this case evidently stands for sanctification; and the Spirit bears witness to both regeneration and sanctification and they are three as component principles agree in one—full salvation.

We turn to Jude 1:1, Jude the servant of Jesus Christ and brother of James: "To them that are sanctified by God the Father, and called." (to a holy life) We note that Jude believed there were sanctified people in the church those days. 1:3, "Beloved, when we gave all diligence to write unto you of the common salvation, it was needful to write unto you, and EXHORT you that ye should earnestly contend for the FAITH which was once delivered unto the saints." The word "faith" here means the whole PLAN, principles and process of salvation, as laid down in God's Word. Let me say, if I know my own mind and heart, that's exactly what I am doing in these articles; that is, earnestly contending for the "Faith", the way of salvation as taught in the holy Scriptures without fear or favor toward man or church or man-made creeds. I have taught the Word of God in Sunday schools in Hondo, and preached it quite a bit in this and other vicinities. Also I have written a book of 675 pages on God's teaching through the dramatic symbols of His Word and sent it over the earth. And I have used the same conscientious method in all my teaching of God's truth; therefore, I expect reward for these labors; and that those who heard or refused to hear the truth in those messages will be judged according to the truth contained therein. Let us, therefore, hear the teaching, the preaching, and read the expounded Word of God, and hold to that which is good, and be governed in all things thereby.

The above, Article No. 34, brings to a close the series that has been running regularly in this paper for more than six months. As will be noted by the reader, it closes, as have those preceding it, without any intimation of its being the end. Rev. Horger began the series while enfeebled from a stroke of paralysis. As if mindful of approaching dissolution, he hurried the preparation of his manuscripts until he was many weeks ahead, but a recurring stroke of his malady called him away from his unfinished work. It is our sad task to write "The End" to this series since it was given him to die in the midst of his labor of love in trying to do good.

What a consoling hope it is to think of him as having found his faith well founded and still pursuing his work of loving service, henceforth without tiring and where the light of Infinite love removes all perplexities and makes clear the ways of understanding.

A JOINT RESOLUTION.
H. J. R. No. 24.

Proposing an amendment to the Constitution of the State of Texas, amending article 16, section 61, providing for the abolishing of the salary method of compensating all dis-

trict, county, and precinct officers of this State, and further providing that such officers shall be paid in such manner and on such basis as may be prescribed by the legislature; providing for the submission of this amendment to the voters of this State, providing for proclamation of said election by the Governor; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 61 of Article 16 of the Constitution be amended so as to hereafter read as follows:

"Sec. 61. All district, county, and precinct officers shall hereafter be compensated in such manner and on such basis as may be prescribed by the Legislature."

Sec. 2. The foregoing constitutional amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots these words:

For the Amendment to the Constitution of State of Texas so as to authorize the Legislature to fix the manner and basis of compensation for all district, county, and precinct officers."

And those opposed shall write or have printed on their ballots these words:

"Against the Amendment to the Constitution of the State of Texas so as to authorize the legislature to fix the manner and basis of compensation for all district, county, and precinct officers."

Sec. 3. The Governor of the State is hereby directed to issue necessary proclamation for said election and have the same published as required by the constitution and existing laws of the State.

Sec. 4. The sum of five thousand dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

Our Foreign Market For Cotton

Dr. A. B. Cox, director of the University of Texas Bureau of Business Research and an internationally recognized cotton economist, in a survey of the cotton industry just issued, declared that complacency still dominates the thinking of the South and of the Nation as a whole regarding the loss of foreign markets for cotton during the past three years.

"The hope based on wishful thinking that when the price gets right the market will be there for our asking is utterly false," Dr. Cox said. "The wishful planners refuse to face the fact that for every bale of cotton the United States has curtailed during the past four years, foreign producers have increased production a little more than one. Prior to the depression our normal production of cotton was about 15,250,000 bales, and foreign production about 12,000,000 bales.

"Following 1932 Federal planners chose to reduce our annual production to under 12,000,000 bales on an average. Foreign producers promptly accepted the invitation and increased their production to over 17,300,000 bales the past year. These stern facts describe the changed world cotton situation and our place in it. Certainly no one in the South wanted the cotton growers to hold markets continuously at unprofitable prices. On the other hand, many believe even in 1933 that it was MUCH WISER TO SUBSIDIZE THE COTTON GROWERS TO HOLD THEIR MARKETS, RATHER THAN SUBSIDIZE THEM TO GIVE THEM UP.

"The fundamental causes for the loss of cotton markets were the war debt policy, the high tariff, restriction of immigration, and, of course, the advantage foreign producers took of our short sighted cotton policy under the Farm Board and the Agricultural Adjustment Administration to build up markets for their cotton. Are there any indications that the National Government proposes to remove these fundamental causes of our loss of cotton markets? Until the Government takes a positive step in this direction the wise policy for the South is to seek re-

employment of its people thrown out of employment by loss of cotton markets in the production of goods both agricultural and industrial which have tariff protection and which will give the region the best utilization of its natural advantages."

To England and her provinces the world owes whatever is due for the origination of that system of public support of the individual idler at the expense of the taxpaying earner known in modern parlance as The Dole.

It had its origin in an effort to

provide temporarily for the needs of those thrown out of employment by the discharge of large numbers of soldiers and the sudden stoppage of all war industries incident to the ending of the World War.

America owes its introduction at a much later date to a President, Herbert Hoover, more English in thought and sympathy than American, and a few of his political advisers who thought to perpetuate him and his party in office, by importing the idea from England in 1932, when the political current was going against him.

America owes not only its retention but its almost unbelievable expansion to a power-crazed President, Franklin D. Roosevelt, and his master political organizer, James A. Farley, who saw in it the opportunity to Tammany-ize the whole United States.

Thoughtful American citizens foresaw and warned of the potential dangers of such a policy.

But both because the foresight of the many was too weak to see the danger and the policy of its proponents was to silence protest as much as possible by extension of favors to as many as could be reached, the ultimate effects are not yet apparent to the many.

Having borrowed the idea from the British, let's go to Canada and try to glean some inkling of what lies ahead of the United States if we adhere too long to so demoralizing and ruinous a policy.

Says Dean J. E. Le Rossignol of the College of Business Administration, University of Nebraska:

"Speaking in Toronto the other day, Mr. Arthur B. Purvis, chairman of Canada's National Employment Commission, deplored the fact that the unskilled and semi-skilled workers of Canada, numbering some 50 per cent of those on relief, can often do better financially by remaining on the dole than by going to work, especially when they have large families to support. Many persons, whom the speaker politely designated as 'practically minded,' decline to accept casual jobs or even regular employment at low wages, with the result that, although a large measure of recovery has been achieved, the relief rolls have scarcely diminished and there has been no relief to the long-suffering taxpayer.

"Relief, one would think, should be curative and temporary, but ALL TOO OFTEN IT TENDS TO PERPETUATE ITSELF BY CREATING A CONDITION OF CHRONIC PAUPERISM. According to Senator John Haig of Winnipeg, farm laborers,

-RAW COTTON AND COTTONSEED MUST BE PROCESSED

Because of the fact that cotton and cotton seed MUST BE PROCESSED, in order to become valuable, many industries have located in the South, furnishing employment to thousands, and contributing to the growth of many communities.

Cotton gins, cotton oil mills, compresses, textile mills, manufacturers of shortening, salad oil, margarine and hundreds of other products made from cotton and cottonseed, are helping in the development of the

South. Demand for a product determines its value.

You as a Southerner can help in making cotton and cottonseed products more valuable, and in the development of Southern farming and industry—by feeding cottonseed meal to your livestock, and by demanding that American fats and oils be used in the food products you buy.

Use more cotton and cottonseed products. Make the products of Southern farms more valuable!

CASTROVILLE, TEXAS, TUESDAY, JUNE 10, 1937

Mrs. Aug. Schuehle and son, Irwin, of Hondo were visiting Mrs. Hilmer Mangold and family last Saturday.

Mrs. Caroline Kilhorn and grandson, Henry Schott, Jr., spent the past week in San Antonio.

Mr. and Mrs. Anthony FitzSimon and children of San Antonio spent Sunday at the FitzSimon home.

Mrs. Joe Huesser is spending the present week at Bader Settlement with homefolks.

Mr. and Mrs. J. R. Oerter of the Alamo City were Castroville visitors Monday.

Messrs. Joe R. Naegelin and Julius Jungman were San Antonio visitors Tuesday.

Mrs. Bella Wiatrek was taken to the Santa Rosa Hospital last Saturday. She underwent an operation for gall stones Sunday. Last report from her bedside is that she is getting along as well as could be expected.

Mr. and Mrs. Leo Mandry and daughter, Mrs. Margerete Hutzler, of San Antonio came out Saturday to help move Mrs. Wiatrek to the hospital.

Mrs. Josephine Drake of the Alamo City came out today to spend this week at her summer home.

Mr. and Mrs. Ralph Widemeyer of San Antonio were Castroville visitors Sunday.

Mr. and Mrs. Otto Tondre were visitors at San Antonio Monday night.

Mr. and Mrs. Hilmer Mangold and baby, and Earl McSwain spent Sunday at the Schuehle ranch.

Mr. and Mrs. Oran Mann and Mr. and Mrs. Oscar Karm and son returned home Tuesday from their trip through the West.

Mr. Ed. L. Haller, who has been sick for some time, was taken to Hondo last Friday where he is constantly under medical treatment. We hope that he will soon be restored to his normal health.

With two and one-half inches of rain last Friday, it brought the total up to five inches for the week. The Medina River is still up, as an immense amount of water is pouring over the spillway at the lake.

Frank Groff from the East side has opened a beer parlor where he will be pleased to have his friends call on him.

Mr. and Mrs. Jul. Jagre and family attended the bull fight at Piedras Negras, Mexico, last Sunday, making the trip on the excursion train.

KELLER-TSCHIRHART.

A wedding of much charm was solemnized in St. Louis Church, Tuesday morning on June 8, 1937, at 8 o'clock, when Miss Eva Tschirhart, daughter of Mr. and Mrs. E. W. Tschirhart of Rio Medina, became the bride of Mr. Raymond Keller, son of Mr. and Mrs. H. W. Keller of the Sauz. Very Rev. Dean J. Lenzen officiated.

The church was beautifully decorated with pink and lavender crepe myrtle, silver leaf fern and begonia pot plants.

The bride's attendants who entered singly were Clarissa Zinsmeyer, Anna Keller, the matron of honor, Mrs. Elmer Mecher, followed by the flower girl, Eddell Tschirhart.

The bride entered with her father and was met at the altar by the bridegroom and his attendants, Lee Tschirhart and Edwin Zinsmeyer.

The bride wore a gown of white satin with a jacket of lace extending toward a long train. Over the train fell the veil of tulle, attached to a cap with a halo of matching lace and orange blossoms. With this she carried a bridal bouquet of Easter lilies and lilies-of-the-valley.

The bridesmaids wore lace gowns of St. James rose over taffeta made floor length, with short bolero jackets with belts of velvet, while the matron of honor wore blue Eitt lace over taffeta made along the same lines. The flower girl also wore blue Eitt lace made along princess lines. They all carried colonial bouquets of roses and rainbow asters.

Immediately following the ceremony a reception was held at the home of the bride's parents.

Later in the day the young couple left for a bridal trip to New Mexico and other Western points of interest. For traveling the bride wore a beige suit with white accessories.

Upon their return Mr. and Mrs. Keller will be at home to their friends at the Sauz.

DEAD.

Mrs. Irene Haby Schott died in Bandera County on June 8, 1937, in her 27th year. She is survived by her husband, R. R. Schott, and son, R. R. Schott, Jr.; her parents, Mr. and Mrs. Alois Haby; brothers, Silva, Martin and Harvey Haby; sisters, Mrs. Joe Rihna and Mrs. George Boehme. Funeral services were held Thursday morning at 9:30 o'clock from the Sacred Heart Church in San Antonio, Rev. Dean J. Lenzen of Castroville officiating. Interment was made in Roselawn Cemetery in San Antonio.

HOME DEMONSTRATION CLUB ORGANIZED.

Miss Nell Foley, Home Demonstration Agent of Medina County, together with the ladies of Castroville, met at the home of Mrs. H. J. Bippert on Tuesday, June 8, to organize a Home Demonstration Club for Castroville.

After the rules and regulations were submitted, club officers were elected as follows:

President—Mrs. E. J. Bippert.
Vice President—Mrs. Geo. Etter.

Secretary-Treasurer—Miss Doris Tschirhart.

Reporter—Mrs. P. J. Tschirhart.
County Council Agent—Mrs. Jul. Jagre.

Meetings are to be held on the second and fourth Tuesday of each month, the next meeting to be held on June 29, at the home of Mrs. J. L. Tondre.

After the meeting was adjourned, a light lunch consisting of shrimp salad, cake and coffee, was served and was enjoyed by all.

Miss Mildred Foley from Greenville, who is visiting with her sister, Miss Nell Foley of Hondo, accompanied her here Tuesday.

Mrs. P. J. Tschirhart, Reporter.

ATTENTION.

The Castroville Mutual Fire Association will hold its annual meeting on Sunday, June 20, 1937, in the Justice Office in Castroville at 2 P. M. Very important business is coming up. All members are urged to attend.

FRANK SCHARSCH, Secretary.

Suiling the wishes of the people, is a technique not of democracy but of dictatorship. Admitting that the objective is good, the method establishes a dangerous precedent, as so many real liberals are pointing out now.—Industrial News Review.

VISIBLE VS. INVISIBLE TAXES.

"It would be an excellent thing if some of the many taxes now levied indirectly were promptly scrapped in favor of direct personal taxes, even on the smallest incomes," says the New York Times. "That would give us an electorate with a greater sense of responsibility in the matter of public finance, and legislatures with more backbone in the matter of retrenchment."

The persistent belief possessed by millions of citizens that they pay no taxes whatsoever because their incomes fall below certain "income tax exemptions"—coupled with the attitude that "the rich guys have to pay"—has bred an almost callous disregard for government spending.

Direct taxes constitute a minor part of government income, while indirect taxes on food, clothing, drugs, amusements—everything we buy and use—fall proportionately heavier on the poor than on the well-to-do, because there are fewer of the latter.

The Times' suggestion to have direct taxes supplant some of the indirect taxes, is an excellent one. Unfortunately our lawmakers always eye such ideas with enmity, because of their potential political repercussions. But the fact remains that all of us pay taxes, and that persons of moderate means are proportionately the heaviest taxpayers. This should be constantly repeated and emphasized. Eventually it will sink in on the voter and then the lawmakers will act.—Industrial News Review.

Uncle Jim Says

"When nature takes 500 years to make an inch of topsoil, it's a shame folks don't realize how fast good land goes when erosion starts."

More than a score of years ago the Texas Extension Service began its campaign to save soil and conserve moisture by terracing. More than 12 million acres have been terraced and contoured in Texas since that time; and in 1936, under the stimulus of the Agricultural Conservation Program, more than two million acres were terraced or contoured under the supervision and leadership of county agricultural agents in this state.

SPRING HEALTH PRECAUTIONS.

The accumulation of winter's debris represents a distinct menace to the health of adults and particularly to little children, according to Dr. Geo. W. Cox, State Health Officer, who urges everyone to clean their houses and yards at this time. It is not only good housekeeping, but ordinary sanitary principles indicate the necessity of prompt removal of all waste matter in and around the neighborhood of yards of homes, but the definite lessening of the spread of diseases, especially those affecting infants, is vitally connected with this procedure.

Flies help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened. Every neighborhood raises its own flies, so that their number is an index to the sanitary conditions.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the Anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy the breeding places of the mosquito. They breed in standing water, therefore, one should drain, ditch, or fill such places, spray oil on water each week, or stock the water with surface minnows as they will eat the wiggletails. Houses should be well screened to protect against these insects. After the spring cleaning is finished, it should be kept in this condition at all times.

22-27 MILES PER GALLON

THE 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford "60" and drive all day—300 to 400 miles—without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy!

The "60" delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous "85"—with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.
